Alaska Immunization Regulations 7 AAC 57.550 and 4 AAC 06.055 require that all children in Alaska public/private schools and child care facilities be immunized unless he/she is exempted or immune. This form is required to be on file at the school, preschool, or child care facility if religious exemption is applicable. (Note: Personal or philosophical exemptions are not allowed per state law.) Notarization and annual renewal are required.

Completion of this form and submittal to UAS Residence Life will exempt the above student from all Housing Immunization requirements. Note that the TB Skin test is not an immunization and cannot be exempted through the religious exemption process.

I/We affirm that immunization conflicts with the tenets and practices of the church or religious denomination of which the applicant/parent/guardian is a member. I/We understand that if there is an outbreak of a vaccine- preventable disease that me or my child has not been fully immunized against, I or my child may be at risk for disease and may be excluded from routine school or child care until he/she is determined to no longer be at risk of developing the disease.
